

DOWNTOWN Elementary

February 20th

This Weeks Story Questions:

This familiar story is found in **John 6:1-13**. People had been clamoring to see Jesus heal and perform miracles. Even as Jesus crossed over the Sea of Galilee, they followed him. When Jesus saw them, He didn't ignore them or send them away. Instead, Jesus knew they were tired and hungry. He had compassion for them and decided to feed them. With no food in sight, a young boy offers his meal of bread and fish. Jesus takes what the boy has and feeds the multitude with leftovers!

Bottom Line: Use what you have to help others. Kids might think they're too young to make a difference. This story reminds us that what we already have has the potential to help others and make a massive difference to them. We just have to be aware of others' needs and be willing to give up what we have to help them. We pray that kids start to discover the easy ways to use what they have to show compassion.

Questions to Talk Through as a Family:

- *What are things you like to do? Challenge kids to think of ways they can use what they enjoy doing to help others.
- *What is something you are good at? Challenge kids to think of ways they can use what they are good at doing to help others.
- *How could using what you have to help others make a difference in someone's life?
- *What can you do when you want to help someone but you don't think you have anything to offer?
